

#### Acknowledgements

Over the past three years more than 100 Stiles, bridges, gates and way markers have been installed and the vast majority of the paths and brideways in our parish have been opened up. We owe this to the funding received from the Parish Path Partnership and to the enthusiasm and energy of the footpath committee and its helpers both in the planning, surveying and the actual physical work of erecting the stiles etc. This has been done, for the most part, with the help and understanding of the farmers and land owners across whose land the paths crossed. Please play your part, respect the country code and "leave only your footprint".

Regarding responsibilities: In simple terms, the Land owner is responsible for keeping paths unobstructed, marked and clear of crops, the County Council for clearing weeds from all paths.
